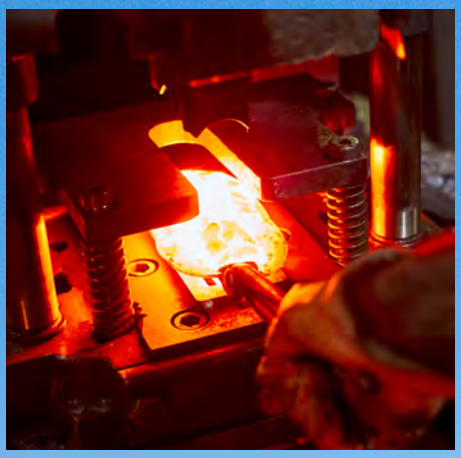
WHY CHOOSE CORONA® TOOLS?

We are a company steeped in history, and our story dates back to the late 1920s. Today, Corona® Tools stands tall as an industry leader in professional and consumer tools, with each of our products showcasing the result of decades of proven design, forged through quality manufacturing processes. But we also believe that our tools are more than what they're made of—they have the power to become loyal companions for contractors, dependable allies for agricultural professionals and trusted partners for avid gardeners. They stand as a reminder to our customers, helping them rediscover who they are, season after season.

CORONA®
SEASON AFTER SEASON



PROFESSIONAL QUALITY

Our commitment to uncompromising quality ensures that each tool is a testament to enduring excellence, setting a higher standard for professional products.

DURABILITY AND RELIABILITY

We believe our tools are an investment, which is why we build them to last. Most of our tools now offer a lifetime warranty to guarantee you get the most from your purchase.

CORONA CONFIDENCE

Born of a need for dependability and built to inspire hands everywhere, our tools serve as a promise of the highest standards in confident craftsmanship.

CORONA

ALL-STEEL SHOVELS

CORONA SEASON AFTER SEASON

Unleash maximum digging and prying power with these all-steel shovels. The closed-back blade design provides extra strength and eliminates dirt buildup, while the solid steel end cap under the red grip allows for tamping. The thick, powder-coated, aerospace-grade steel handle is welded to the 12-gauge blade to ensure durability.

ABOUT LIFT

- Handles with larger lift provide greater leverage
- Handles with smaller lift allow a nearly vertical cut
- Flat-bowled heads are nearly flat for straight cuts
- Deep-bowled heads are concave for "cupped" cuts

The **1 in. LIFT** on AS 90310 allows for a nearly vertical cut. Maximum accessibility in tight spaces

The **2-1/2 in. LIFT** on AS 90320 allows for increased leverage.

ALL-STEEL 12-GAUGE SHARPSHOOTER SPADE SHOVEL

AS 90100 | 14-1/2 IN. BLADE | 63-1/2 IN. STRAIGHT STEEL HANDLE

AS 90110 | 14-1/2 IN. BLADE | 29 IN. D-GRIP STEEL HANDLE

- Ideal for easy ground penetration
- Welded head-to-handle weld connection
- Extended widow's peak sockets with double rivets
- Lifetime warranty

ALL-STEEL 12-GAUGE STRAIGHT BLADE SHOVEL

AS 90010 | 12 IN. BLADE | 26 IN. D-GRIP STEEL HANDLE

FORGED STEEL SHOVELS

CAPROCK ROUND SHOVEL | 13-GAUGE | 10 IN. HEAD

SF 80020 | 48 IN. SOLID-CORE FIBERGLASS HANDLE

- Ideal for breaking up dense materials and digging up hard packed soil
- Forged, one-piece head is tempered for greater strength
- Break up dense material such as coral rock, clay and decomposed granite
- Sharpened blade edge easily cuts through dense, heavy soils
- Lifetime warranty

CLOSED-BACK, ROUND POINT SHOVEL | 14-GAUGE | 12 IN. HEAD

SS 60000 | 48 IN. WOOD HANDLE

SS 60020 | 48 IN. SOLID-CORE FIBERGLASS HANDLE

- Ideal for versatile garden use
- Welded, closed-back design for greater strength
- Large, forward-turned steps offer more control while digging
- Sharpened blade edge penetrates ground easily, slicing roots
- Lifetime warranty
- **REPLACEMENT PARTS AVAILABLE**
  61020-4 - Handle - SS 60020

ROUND POINT SHOVEL | 14-GAUGE | 12 IN. HEAD

SS 65000 | 48 IN. WOOD HANDLE

SS 65020 | 48 IN. SOLID-CORE FIBERGLASS HANDLES

- Ideal for versatile garden use
- 14-gauge steel blade is tempered for a longer service life
- Large, forward-turned steps for firmer footing
- Sharpened blade edge penetrates ground easily, slicing roots
- Lifetime warranty
- **REPLACEMENT PARTS AVAILABLE**
  61020-4 - Handle - SS 65020

ROUND POINT SHOVEL | 14-GAUGE | 11 IN. HEAD

SS 65500 | 48 IN. WOOD HANDLE

- Ideal for versatile garden use
- Sharp 14-gauge tempered-steel blade
- Large, forward-turned steps for firmer footing
- Lifetime warranty

SQUARE POINT SHOVEL | 14-GAUGE | 11 IN. HEAD

SS 66000 | 48 IN. WOOD HANDLE

SS 66020 | 48 IN. SOLID-CORE FIBERGLASS HANDLE

- Ideal for efficient lifting and moving materials
- Square-head design for scooping and transferring garden
- Large, forward-turned steps prevent material from spilling
- Thick, 14-gauge steel blade is tempered for a longer life
- Lifetime warranty
- **REPLACEMENT PARTS AVAILABLE**
  61020-4 - Handle - SS 66020

CLOSED-BACK DRAIN SPADE SHOVEL | 14-GAUGE | 12 IN. HEAD

SS 62000 | 48 IN. WOOD HANDLE

SS 62010 | 30 IN. WOOD D-GRIP HANDLE

- Ideal for efficient digging of deep, round-bottom drains and trenches
- Tapered, round nose and slightly cupped blade for more efficient digging
- 14-gauge steel blade is tempered for strength
- Welded, closed-back design for greater strength
- Large, forward-turned steps offer more control while digging
- Sharpened blade edge penetrates ground easily, slicing roots
- Lifetime warranty

CLOSED-BACK DRAIN SPADE SHOVEL | 14-GAUGE

SS 62020 | 16 IN. BLADE
48 IN. SOLID-CORE FIBERGLASS HANDLE

SS 62130 | 14 IN. BLADE
27 IN. SOLID-CORE FIBERGLASS D-GRIP

- Ideal for efficient digging of deep, round-bottom drains and trenches
- Tapered, round nose and slightly cupped blade for more efficient digging
- 14-gauge steel blade is tempered for strength
- Welded, closed-back design for greater strength
- Large, forward-turned steps offer more control while digging
- Sharpened blade edge penetrates ground easily, slicing roots
- Lifetime warranty

HAND PRUNERS

Aluminum Bypass Pruners

Crafted with lightweight forged aluminum handles and non-slip grips, these durable bypass pruners feature high-carbon steel blades for lasting performance and narrow profile hooks for easy access to tight areas. Geared pivot nuts allow for precise blade adjustments and built-in wire cutters and sap grooves add versatility. Volute springs resist clogging and maintain smooth cutting action, while rubber bumpers absorb shocks.

XSeries
PRO BYPASS PRUNER

PRUNING SAWS

RazorTOOTH Saw™

Discover unparalleled cutting efficiency with Corona's RazorTOOTH Saw™, crafted through four manufacturing processes for maximum durability, hardness and friction reduction. The triple-ground impulse-hardened teeth remove 2X more material per stroke, while the higher-carbon SK5 steel blade stays sharper longer. The chrome-plated blade minimizes friction and improves overall efficiency.

RazorTOOTH Saw™
FOLDING PRUNING SAW

TREE PRUNERS

FlexREACH System™

Cut, prune and saw with the all-new FlexREACH System™ from Corona® Tools. This innovative modular system combines our tree pruner and RazorTOOTH Saw™ blade into one easy-to-use, extendable pole saw. Simply lock your pruner or saw head into place and extend the pole to make quick work of cutting or pruning hard-to-reach branches. For lower branches, simply detach the saw blade to use it as a hand saw. Easily store and transport your FlexREACH System by collapsing the pole to 5-1/2 ft. Components sold separately.

FlexREACH System™
DETACHABLE RazorTOOTH SAW™
TP13001

SAW CUTS UP TO 8in

- Use as hand saw or with TP13489 extendable pole to reach up to 15 ft.
- Cut 2X faster with RazorTOOTH Saw™ technology
- 3-Sided teeth are impulse-hardened to stay sharp longerchrome-plated blade reduces friction
- Lifetime warranty

FlexREACH System™
PRUNER HEAD
TP13005

CUTS UP TO 1¼in.

- Innovative FlexREACH System™ makes it easy to saw, prune and trim
- Dual-pulley power requires less effort and easier cutting
- Heavy-duty action with a smooth chain drive system
- Ergonomic angled head makes for a more comfortable cut
- Use with TP13489 extendable pole
- Lifetime warranty

FlexREACH System™
EXTENDABLE POLE 15 FT.
TP13489

- Telescoping pole collapses to 5-1/2 ft. for easy storage
- Fiberglass outer poles offers a safe exterior surface
- Lightweight aluminum inner pole
- Use with TP13001 detachable saw head
- Use with TP13005 detachable pruner head
- Lifetime warranty

RazorTOOTH Saw™ Tree Pruners

Featuring triple-ground, impulse-hardened teeth for 2X more material removed per stroke, Corona's RazorTOOTH Saw™ Tree Pruners provide a cutting-edge solution for all your tree pruning needs. The chrome-plated blade minimizes friction and improves overall efficiency. Backed by a lifetime warranty and readily available replacement parts.

RazorTOOTH Saw™
PROFESSIONAL TREE PRUNER
TP 6780 | 13 IN. BLADE | REACHES UP TO 16 FT.

SwivelCUT with PowerGLIDE
LONG REACH PRUNER
TP 3206 | REACHES UP TO 62 IN.

- Head rotates 360°, tilts and swivels for unlimited cutting positions
- Overall length of 62 in. is ideal for pruning high or low, without bending or straining
- Lightweight: weighs only 2-1/2 lb. so you can prune trees, shrubs and roses all day
- PowerGLIDE comfort grip eliminates tangled ropes
- Lifetime warranty

⚠ **WARNING:** This product can expose you to chemicals including phthalates (BBP, DBP, DEHP, DIDP, DINP and DNHP) and lead which are known to the State of California to cause cancer, birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

TREE PRUNER COMPONENTS

DUAL COMPOUND ACTION TREE PRUNER HEAD
AC 9000

- 3X cutting power with compound action pulley system
- Die-cast zinc alloy pruning head with non-stick tempered steel blade cuts up to 1-1/4 in.
- Exclusive PowerGLIDE rope-pull system for smooth action
- Convertible-action pulley system converts from compound to direct pull, giving workers a choice between faster cutting or less required force
- Includes pivot bolt for mounting AC 7241 RazorTOOTH Saw™ tree pruner blade (sold separately)
- Built-in ferrule can be attached to 1-1/4 in. diameter poles by drilling holes in pole and adding fasteners (not included)
- Lifetime warranty

PROFESSIONAL TREE PRUNER HEAD
6880-8

- Compound action, dual rope-pull system triples your cutting power
- Heavy-duty forged steel hook and RadialARC blade with 1-1/2 in. diameter cutting capacity
- Thickest, most weather-resistant polypropylene pull rope and wood grip
- Built-in ferrule fits TP 6881 poles snap-button
- Can also be attached to other 1-1/4 in. diameter poles by drilling holes in pole and adding fasteners (not included)
- Lifetime warranty

TREE PRUNER SAW BLADES

RazorTOOTH Saw™
Replacement Blades

Upgrade your cutting performance with these replacement saw blades, featuring RazorTOOTH Saw™ technology for a 2X faster cut. The three-sided impulse-hardened teeth stay sharp longer, and the chrome-plated blades reduce friction for improved efficiency. Crafted with durable SK5 steel and backed by a lifetime warranty.

RazorTOOTH Saw™

FLORAL SHEARS

SHEARS & SNIPS

Since the late 1920s, when other manufacturers were settling for stamped or cast tools, Corona® has been using high-quality forged steel to deliver superior performance and reliability. Generations later, these classically designed agricultural shears and snips are shearing California grape vines, pruning lemon, orange and avocado trees in the Southwest, apple trees in the Northwest, Midwest and East, while clipping, plucking and shaping landscapes around the world.

CITRUS SHEARS
AG 5020

- Designed for rapid, high-volume lemon and citrus harvesting
- Drop-forged steel alloy construction with resharpenable blades
- Rounded tips help prevent damaged fruit
- 2 blade design for less interference during harvesting
- Non-slip grips
- Includes synthetic strap
- Lifetime warranty

ORANGE AND APPLE BYPASS SHEARS
AG 5060

- Designed for rapid, high-volume orange, grapefruit and apple harvesting
- Two-blade design for less interference during harvesting
- Rounded tips help prevent fruit damage and maximize safety
- Forged alloy steel construction with resharpenable blades
- Cushioned, non-slip grips
- Lifetime warranty
- **REPLACEMENT PARTS AVAILABLE**
  4300-3 - Pivot Bolt and Nut
  5050-5 - Spring
  5060-42 - Synthetic Strap

SYNTHETIC STRAP
5060-42

- Use with AG 5060, AG 5050, AG 5040 or AG 5010

ORANGE AND APPLE ANVIL SHEARS
AG 5050

- Designed for rapid, high-volume orange, grapefruit and apple harvesting
- Specially designed to sever fruit cleanly from fruiting spur
- Drop-forged steel alloy construction with resharpenable blades
- Custom-ground cutting edges and balanced spring design for fast, precise action
- Includes leather strap
- Lifetime warranty
- **REPLACEMENT PARTS AVAILABLE**
  4300-3 - Pivot Bolt and Nut
  5050-5 - Spring

AVOCADO SHEARS
AG 5040

- Custom-ground cutting edges and balanced spring for high-volume cutting
- Cushioned, non-slip grips for safe and comfortable all-day use
- Forged alloy steel construction for superior strength
- Rounded tips help prevent fruit damage and maximize safety
- Built-in spring reliably opens blade after each cut
- Resharpenable blades
- Lifetime warranty
- **REPLACEMENT PARTS AVAILABLE**
  4300-3 - Pivot Bolt and Nut
  5050-5 - Spring
  5060-42 - Synthetic Strap

LEMON SHEARS
AG 5010

- Designed for rapid, high-volume lemon and lime harvesting
- Rounded tips help prevent damaged fruit
- Drop-forged steel alloy construction with resharpenable blades
- Rounded tips help prevent damaged fruit
- Close-tolerance pivot bolt
- Includes leather strap
- Lifetime warranty
- **REPLACEMENT PARTS AVAILABLE**
  4300-3 - Pivot Bolt and Nut
  5010-5 - Spring
  5060-42 - Synthetic Strap

SHEARS & SNIPS

SHORT STRAIGHT SNIPS
AG 4910SS | 1 IN. STAINLESS STEEL BLADES

- Short, straight, blunt-nosed blade for a wide range of applications
- Corrosion-resistant stainless steel blades prevent rusting, are easier to clean and reduce germ build-up
- Unobtrusive leather strap lock
- Lifetime warranty

SHORT CURVED SNIPS
AG 4920SS | 1 IN. STAINLESS STEEL BLADES

- For harvesting apples, pitted fruits and berries
- Corrosion-resistant stainless steel blades are easy to clean and reduce germ build-up
- Unobtrusive leather strap lock
- Lifetime warranty

LONG STRAIGHT SNIPS
AG 4930SS | 1-3/4 IN. STAINLESS STEEL BLADES

- Long, straight, pointed blades are ideal for a wide range of applications
- Corrosion-resistant stainless steel blades are easy to clean and reduce germ build-up
- Slim, lightweight grips
- Unobtrusive attached leather strap
- Lifetime warranty

LONG STRAIGHT SNIPS
AG 4930 | 1-3/4 IN. BLADES

- Long, straight, pointed blades are ideal for a wide range of applications
- Forged tempered steel for superior strength
- Coated blades, spring and handle to prevent rust
- Unobtrusive attached leather strap
- Slim, lightweight grips for comfortable cutting in tight spaces
- Resharpenable blades
- Lifetime warranty
- **REPLACEMENT PARTS AVAILABLE**
  4900-5 - Spring

LONG CURVED SNIPS
AG 4940SS | 1-3/4 IN. STAINLESS STEEL BLADES

- Long, curved, pointed blades are specifically made for picking and field-dressing grape bunches
- Corrosion-resistant stainless steel blades are easy to clean and reduce germ build-up
- Slim, lightweight grips
- Leather strap lock keeps gardening snips safely closed
- Lifetime warranty

LONG CURVED SNIPS
AG 4940 | 1-3/4 IN. BLADES

- Long, curved, pointed blades are specifically made for picking and field-dressing grape bunches
- Fully heat-treated steel blades for strength
- Coated blades, spring and handle to prevent rust
- Lifetime warranty
- **REPLACEMENT PARTS AVAILABLE**
  4900-5 - Spring

The Corona® Promise

The lifespan of a tool is dependent upon frequency of use, as well as the conditions and environment in which it is used.

Tools used by professionals, everyday, on every job, will more likely wear out long before tools used by occasional or infrequent users. Typically, any defects in materials or workmanship will emerge early in the life of the tool.

Corona® tools are designed, engineered and manufactured to perform their intended purpose, season after season.

Customer satisfaction is at the top of our priority list, so in the event our tool fails to perform as intended due to materials and/or workmanship, Corona promises to provide a solution based on our warranty coverage.

WHAT'S COVERED

Corona tools are guaranteed to be free of defects in materials and workmanship. The tools are backed either by a 1-year or lifetime warranty. Visit coronatools.com for product warranty details. If a Corona tool is found to be defective due to the manufacturing process or the materials used, Corona will replace it free of charge once the tool has been returned along with the original proof of purchase.

WHAT'S NOT COVERED

Corona is dependable and trustworthy and we rely on our customers to be the same. We do not and cannot cover normal wear, lost or stripped parts, altered or modified products or product damage due to negligence, misuse or abuse.
CORONA DEFINITION OF ABUSE– Using a tool in a manner for which it was not designed.

PRODUCT SUBSTITUTION

Corona will make an effort to replace any defective tool with one that is similar. If, for any reason, this is not possible, Corona may choose to satisfy your claim by substituting a different product.

GENUINE REPLACEMENT PARTS

All Corona tools are built to last, but certain components will wear out after heavy or repeated use. That's why we offer genuine replacement parts for most MAX products. **Visit coronatools.com** to see available replacement parts by item number, or contact the **Corona Customer Experience Team** for more information at the number noted below.

CORONA CUSTOMER EXPERIENCE TEAM

Corona Clipper, Inc
Attn: Warranty
22440 Temescal Canyon Rd.

Louisville, KY 40272

MAKING WARRANTY CLAIMS OUTSIDE THE U.S.

The warranties outlined here apply specifically to products purchased in the United States. If you purchased your product outside of the U.S., your local Corona distributor's standard product warranty will apply. Outside the U.S., warranty claims can be made by returning the tool to where you bought it within the relevant time frame, along with its packaging and original proof of purchase.

Corona reserves the right to ask Dealers and Distributors to send in product photo and contact information for a warranty claim. In some cases, a Return Merchandise Authorization (RMA) number may be required for product returns.
